If you have ideas on how the money should be spent, please contact Alan.  
 Dianne suggested that parents need shade in the playground area.

Rotary would like to give us two bench seats for the park and will put them in in storage until the park is ready for the seats.

Jane asked the question as to why the money can't be spent on the equipment the money was raised for.

Response: Council provided the money for the playground equipment and did not recall the money back therefore the money raised has effectively been spent.
